**MESSAGE FROM
THE MANAGER OF HOUSING &
CONFERENCE SERVICES**

AND

**THE DIRECTOR,
HOUSING & CONFERENCE SERVICES**

Welcome to the Frost Residence. I am extremely pleased that you will be part of the residence community while you are pursuing your academic studies at Fleming. The residence is designed to foster freedom of thought, unconventional opinions, and encourages a community of difference.

I aspire to the ideal of openness, to the creation of an atmosphere that allows for differences, but recognizes that diversity is the virtual core of residential life. Living in our residence community will be enjoyable and rewarding if you take an active part in the community's activities.

The Residence Community Standards was developed in partnership with students and staff at Fleming College. The policies have been designed to protect the rights and property of residents and to foster mutual respect and cooperation.

I hope that the Frost Residence will offer you a variety of activities that aid in your social, emotional, and academic well being. There are several upper year student staff that are available to assist you in this life transition.

We hope you enjoy your residence experience at Fleming and we encourage your feedback.

LIVING IN RESIDENCE

CHECK-OUT PROCEDURES

You are required to vacate your room within 24 hours of your last official exam/project or scheduled class. We encourage you to plan early for your departure from residence at the end of each semester. This policy is in place to ensure all students completing academic requirements have an environment conducive to studying. *(In exceptional circumstances an extension of a few days may be granted. Extensions will only be granted to students who can demonstrate a legitimate need and who are in good standing with the Residence Life Office. Students who have academic requirements which go beyond their final exam can apply for an extension with a written note from their Program Coordinator).*

The residence will be closed at 2:00 p.m. on the last day of each rental period. Residents **MUST** vacate, as the residence will be locked between rental periods (i.e. between end of term in December until start of term in January). Residents must make other arrangements for accommodation during this time. Please refer to the Residence Agreement for exact dates.

Those residents in programs that start or end on dates different than the rental periods must make arrangements with the residence office for early arrival or late departure. The residence fees for these dates will be based on a weekly occupancy rate and must be paid in advance.

Residents are required to clean their bedroom/suite, remove all personal belongings and hand in their keys prior to the final bedroom inspection. Anything left behind will be disposed of. Students are encouraged to take time to ensure their bedroom/suite are in excellent condition before staff do the final bedroom/suite inspection (cleaning includes refrigerators, stoves, washrooms, etc.). Refunds will be processed once the inspection reports are completed.

At the time of checkout, the staff will determine, on the basis of the following scales, the cleaning charges that will be deducted from the caution fee of each resident. You will be mailed a summary of the charges and a copy of the bedroom/suite inspection form after check-out (i.e. if the residence staff determines that your bedroom is in fair condition and that your suite is very dirty, the total cleaning charges deducted from your caution fee will be \$80).

Residents will be responsible for any charges incurred by the residence on behalf of third parties.

LIVING IN RESIDENCE

CHECK-OUT PROCEDURES

Remember that you are responsible for your bedroom and collectively for your suite. Suitemates can all leave at different times. Work with your suitemates to ensure your suite is in excellent condition to avoid any charges.

It is important to remember that there is often a turnover of students at the end of each semester. Because of this change in students, each suite is required to have their living room, kitchen and bathrooms looking as clean as they did during your move-in for any new students moving in over the break. If, over the semester break, management deems your suite is not up to an acceptable standard of cleanliness, the suitemates in that suite will be billed equally for the cleaning that is required.

CLEANING SERVICE

The maintenance staff will ensure that the hallways, stairways, laundry room and the offices are maintained. We do ask for your co-operation in picking up your refuse and depositing it in the waste containers provided. All residents have the responsibility to ensure that their bedroom and suite are kept in a sanitary manner. Periodic room inspections will be made and due notice will be given to all residents. Vacuum cleaners are available on a loan basis. Improper sanitary conditions in individual bedrooms, suites and common areas could result in a **LEVEL ONE OFFENCE**. If you have a repair that needs attention, please come to the office and fill out a work order. Please leave your suite tidy after each semester in case there are new students moving in.

Inspections will occur during week seven of each semester.

COMMUNICATIONS

Got a problem? Communication is key! We recognize that whenever people live together in close quarters, conflicting situations arise. The hope is that most of these situations within the residence can be resolved directly in a mature manner by the parties in conflict, or with the help of other residents or Residence Life Staff. Here are a few suggestions to assist you in resolving conflict:

- Complete a suitemate contract at the beginning of each semester. Ask your RLS for details.
- Have a start-up suite meeting to set the norms/rules for the suite.
- Discuss your concern directly with the other resident.
- If the issue concerns the entire suite, call a suite meeting to get things ironed out.
- Your Resident Assistant and Senior Resident Assistants are valuable resources to give advice or assist in running a suite meeting.
- Don't let things build up; it is better to clear things up at the time than allowing the issue to become too large.
- **Be part of the solution, not part of the problem!**

ELECTRICAL DEVICES

Electrical devices in residence should be used with discretion and must be C.S.A. or Ontario Hydro approved. The residence administration reserves the right to inspect and remove any electrical device that does not meet these standards. Radios, televisions, stereos and CD players are permitted, but each resident is responsible for keeping the volume low enough to avoid disturbing others. No antennas may be installed inside or outside of the residence buildings.

Residents may use electric clocks, razors, blankets, hair dryers, fans, humidifiers and personal computers in their rooms; however voltages can fluctuate within the system, so residents with stereos and personal computers should invest in a C.S.A. surge protector. The college does not accept liability for any damage to electrical equipment.

The use of any portable heating units and halogen lamps are prohibited in residence.

ENVIRONMENTAL ISSUES

We encourage residents to follow the simple practices outlined below to help keep utility costs down. Presently, a significant percentage of your residence fees provide the electricity, water and gas to keep your bedrooms/suites operating comfortably. Conserving energy does not mean making great sacrifices. By observing these simple tips you can help keep the costs down...

Please:

- ✓ turn off lights, stereos & appliances when you leave your bedroom/suite
- ✓ use natural light during the day
- ✓ during the winter, open your curtains to let the sun in during the day, and close them in the evening to retain heat
- ✓ have lights on only in the room which you are using
- ✓ report any leaking faucets or running toilets to the office

ENTERING RESIDENCE ROOMS

Residence staff reserves the right to enter bedrooms/suites from time- to-time to perform maintenance and installation functions. Wherever possible, 24 hours notice of such entry will be given to a resident. Any maintenance request made by a resident regarding a specific problem will be deemed as permission to enter that bedroom/suite to rectify the situation.

We will not permit anyone to access your bedroom/suite at any time, (i.e. Bell Canada, Cable) unless you have made a written-signed request in person at the residence office.

Although the college wishes to assure the privacy of each student, it reserves the right to enter a bedroom/suite at anytime in case of emergencies, or to inspect bedrooms/suites when notice is given to the resident. The Manager of Housing & Conference Services will determine the notice period.

In rare cases, where the safety of a resident is in question or that reasonable directive to open a door by a resident staff or security person is denied, staff members/security may enter a bedroom/suite to ensure the resident is safe and the Residence Community Standards is being respected.

The Fire Department may enter suites and/or rooms at anytime without notice.

COUNSELLING

Qualified counsellors are available to help students resolve issues relating to academic, career, personal concerns or disability accommodations in a **supportive and confidential environment**. To make an appointment with a counsellor, go to the Student Services Department (room 254).

HEALTH SERVICES/FIRST AID

The Health Services Office is located in Student Services (Room 254). PLAN OF CARE & SAFETY PLAN

Before starting college, it is important that students develop a Plan of Care and Safety Plan for issues which may develop while away from home.

For those who have identified concerns of an ongoing nature, such as Medical issues or Mental Health issues, developing a Plan of Care and Safety Plan will significantly support their success at school.

Students need to be aware that they are significantly responsible for their own safety and that if they have any health concerns requiring special support, equipment, care, or medication that they should develop a plan of care with their Health Provider prior to attending college.

They may need to connect with local professional support agencies prior to moving to the area. They may need to make an appointment with the counsellor, nurse, program coordinator, or residence manager....to share or fine-tune their Plan of Care and Safety Plan.

SAFETY ON COLLEGE GROUNDS

The college is at all times concerned for the health and safety of the students. The college grounds are considered to be private property and any access is by college permission. After dark, students are encouraged to walk only in lighted areas around the residence and main buildings. The security service hired by the college will provide "Safe Walk" assistance. Emergency phones on the residence and main campus grounds are connected to an emergency telephone answering service.

Any questions you have regarding the use of the college grounds please contact the Facilities Office (room 201B).

Remember that personal safety should be considered at all times.

Here are a few tips:

- ✓ At night, try to stay in well-lit areas and use routes that appear more heavily travelled.
- ✓ Avoid walking alone through isolated areas; avoid shortcuts through parking lots, parks and deserted areas.
- ✓ Use a buddy system; when with a friend at a party or pub, agree to watch out for each other and to leave the event together or in a group.
- ✓ Use the "W'AUK SAFE" program when you feel uncomfortable walking alone. Familiarize yourself with these services, call 705-928-3618.

RESIDENCE COMMUNITY STANDARDS

By choosing residence life, you are accepting the full responsibility to adopt a lifestyle which requires respect for the needs of many other people that are living close to you, as well as for your surroundings.

1. The Residence Community Standards of the Frost Residence applies to and covers all residents and their guests.
2. Every individual is equal in dignity and worth and should be provided with equal rights and opportunities without harassment and/or discrimination.
3. Each resident living in residence is guaranteed the active right to the peaceful enjoyment of his/her bedroom.
4. The objective of the Residence Community Standards is to promote responsible behaviour among residents and their guests. This creates an effective study and learning environment, which ensures the physical safety and emotional well-being of the resident as well as the protection of personal and residence property.
5. It is the responsibility of each resident to familiarize him/herself with the Residence Agreement, the Frost Residence Handbook that outlines the Residence Community Standards, the Student Rights & Responsibilities Policy, the Harassment & Discrimination Policy, the Information Technology Services (ITS) Appropriate Use Policy and the RezNet Policies & Procedures and to behave in a manner consistent with the provisions of these policies.
6. All municipal, provincial, federal and college polices apply at residence.
7. Failure to attend discipline meetings set by the residence office may result in a student being issued an appropriate sanction in absentia, or may result in further disciplinary sanctions. These sanctions will only be issued under the direction of the Manager of Housing & Conference Services.

Upon your acceptance of accommodation at the Frost Residence, a student is deemed to have agreed to be subject to the Residence Community Standards of the residence and the sanctions imposed for violation of this code.

RESIDENCE COMMUNITY STANDARDS

The Manager of Housing & Conference Services, through the Resident Assistants and Senior Resident Assistants (Residence Life Staff), enforce the Residence Community Standards. Those responsible for any infractions to the Residence Community Standards will be subject to disciplinary action. The Residence Life Staff are responsible for writing the incident reports involving an infraction of the Residence Community Standards. Students may not necessarily be notified at the time of the incident that an incident report is being written. Verbal warnings are not required to be given prior to an incident report being written. If the offence is deemed serious enough or is repeated, the individual(s) will be evicted from the Frost Residence. Residence is not a sanctuary and students are reminded of their obligation to abide by the laws of the land (municipal, provincial and federal statutes). Violation of these laws may lead to in-house and/or criminal charges. It is important to note that residents are responsible for their guests.

ALCOHOL POLICY

Provincial law prohibits the possession, selling, furnishing or giving of alcoholic beverages to anyone under the age of nineteen (19). All federal and provincial liquor regulations will be enforced at the Frost Residence. For safety reasons, beer bottles are banned in the residence. Residents and/or their guests cannot bring beer bottles onto the Frost Residence property.

The following are in effect at the Frost Residence:

- ✓ Beer bottles are not permitted on residence property
- ✓ Possession of, or consumption of, alcoholic beverages by persons under the age of 19 is not permitted.
- ✓ Alcohol is not permitted in public areas including the stairwells, hallways, laundry room, or anywhere outside of student suites.
- ✓ Alcohol is not permitted on college/residence grounds (outside).

- ✓ Collection and storage of alcohol containers are not permitted (i.e. beer case walls, shelves of liquor bottles etc.). A fine will levied.

To transport alcohol it must be in a bag/box/knapsack/etc. so that it is not easily accessible.

Any infraction of these policies will be a **LEVEL TWO OFFENCE**.

RESIDENCE COMMUNITY STANDARDS

ALCOHOL POLICY

Being under the influence of alcohol is not an excuse for other unacceptable behaviour. Know your limit. If you choose to drink please do so responsibly.

Refer to Social or Community Disturbance section about gatherings.

DAMAGES

You are financially responsible for damages in your bedroom/suite and for its furnishings. When you move in, you will receive a **Bedroom Inspection and Common Area Report** to complete. Take the time to record any damages or problems that exist in your bedroom/suite so that you are not liable for damages already incurred.

You are personally responsible for the condition of your room and collectively with your suitemates for other areas of the suite (living room, kitchen and washrooms). Residents are financially responsible for any damage to the hallways, common area outside of suites, stairwells, etc., within their building. If a resident and/or their guest do not admit responsibility, the repair costs will be assessed and shared by all occupants of the building in which the damage occurred regardless if you were present when the damage occurred. In the areas of the mail boxes, laundry room and bike area where residents from both buildings have access, the repairs will be assessed to all residents unless responsibility is admitted.

Please report any repairs or damages by filling out a work order at the residence office. Any maintenance request made by a resident regarding a specific problem will be deemed as permission to enter that bedroom/suite to rectify the situation.

Residents **MUST NOT** attempt to repair any damage in their bedroom or suite. Extra charges may apply.

Keep in mind that a majority of damage is caused by those not living in residence. Therefore be careful as resident hosts are held responsible for the behaviour of their guests and will be liable for any damages incurred by their guests.

RESIDENCE COMMUNITY STANDARDS

DECORATING

Residents must not decorate their suite with paint, wallpaper, etc. Posters or pictures are to be affixed to the walls with white adhesive that does not remove paint. Please read the instructions on the package for fastening and removal guidelines to avoid paint being removed from the wall. The use of all tapes, pushpins or screws and nails to attach posters, pictures or other items to the wall or ceiling is prohibited. Many students have deductions from their caution deposits due to decorating incorrectly. Please do not use artificial snow as it is difficult to remove and stains the paint.

Any form of decorating which is hung in living rooms, hallways, lobbies, stairwells, bathrooms, exterior suite or bedroom doors, or any interior area of a bedroom that can be seen from an open door must not display any form of pornography, sexually offensive pictures or any other inappropriate gender-related material (i.e. Sunshine girl/boy, Sports Illustrated swimsuit editions etc.).

Residents are asked to respect the standards of the residence community by using only the window draperies supplied by the residence. Contravention of this regulation may result in eviction.

FIRE SAFETY and PERSONAL SAFETY

Fire Safety: Tampering with, discharging, damaging or removing fire extinguishers or any part of the fire alarm system (including covering smoke and fire detectors), setting off a full alarm due to cooking without closing the suite door or violating fire safety and fire protection procedures is strictly prohibited. Anyone found initiating a false alarm will be evicted from the Frost Residence. It is provincial law that all residents must evacuate during a fire alarm; persons found not evacuating will be prosecuted under the law and/or will be found in receipt of a **LEVEL TWO OFFENCE.** Please refer to the Fire Evacuation Procedures posted on the bulletin boards. Please ensure that all suitemates evacuate. Let's take care of each another. Do not place furniture in stairwells or hallways and keep all flammable materials off all stoves at all times.

The guest policy is designed to protect the rights and privileges of all residents. When a resident invites a guest, he/she is responsible for that guest at all times and in all respects, for the duration of their stay at residence. Guests must sleep in your room and not in the living room.

Overnight guests are not permitted without all suitemates' signed approval and signed authorization from the residence office 24 hours in advance. If a guest is unexpected and an overnight guest registration form has not been completed, the resident must notify a Senior Resident Assistant or Resident Assistant prior to the guest staying to obtain authorization. These forms are available on each floor from your RA and SRA and in the residence office.

An overnight guest form must be completed for any non-resident staying in residence after quiet hours (Sunday to Thursday: 11:00pm, Friday and Saturday: 1:00am).

A guest must carry their guest pass and be prepared to show it if asked by a staff member. If a non-resident is in the residence past quiet hours and are not in the possession of a guest pass, they will be asked to leave the building. Guests must be accompanied by a resident at all times. Resident hosts are responsible for the behaviour of their guests and will be held liable for any damages incurred by their guests.

An overnight guest must be at least 16 years of age. Each resident is allowed a maximum of two guests. There is a maximum of six guests per suite allowed overnight and the duration of their stay cannot exceed 72 hours. Fleming College is committed to providing a learning and working environment that is free of harassment and discrimination. Every individual has the right to an environment characterized by mutual respect. Every individual has the responsibility to treat all members of the college and residence community with respect and without harassment. Harassment is defined as any attention or conduct (oral, written, electronic, graphic, or physical) by an individual or group who knows, or ought to reasonably know, that such attention is unwelcome/unwanted, offensive or intimidating. The Ontario Human Rights Commission's list of sexual harassment or inappropriate gender-related conduct includes "display of sexually offensive pictures, graffiti or other materials". RESIDENCE COMMUNITY STANDARDS

HARASSMENT & DISCRIMINATION

Any and all forms of harassment or discrimination are unacceptable and will not be tolerated in our residence or college community. Ignorance, anger, alcohol or substance abuse will not be accepted as an excuse, reason or rationale for such behaviour. Furthermore, it is expected that if a student is aware of a problem that he/she would advise a member of the Residence Life Staff so that steps may be taken to prevent the situation from escalating. For further information refer to: <http://fleming0.flemingc.on.ca/hod/hd/welcome.htm>

DISCIPLINE SANCTIONS

The Residence Community Standards and policies have been developed to protect the rights and property of residents and to encourage mutual respect in our residence community.

Residence staff will request and expect compliance with the standards of our community and residents must quickly come to appreciate the needs for such guidelines. Discipline will be applied in a progressive manner in most cases; however more serious incidents, third level offences or repeat occurrences do not require verbal warnings.

VERBAL WARNING

A Residence Life Staff member for a first-time violation most often uses a verbal warning. The staff member(s) will request that the individual cease the behaviour and the violation will be explained.

Please note: Verbal warnings will not be used for more serious offences, repeat offences, second level offences or at a point in the semester when no verbal warning should be required.

INCIDENT REPORT

An incident report, which is written by Residence Life Staff, will include the date, time and nature of the offence; a clear statement indicating the behaviour which caused the offence that is unacceptable; a description of the consequences and fines if the behaviour is repeated. The Manager of Housing & Conference Services has the authority to place a student on probation in residence. When such a sanction is levied, the Manager of Housing & Conference Services will communicate the sanction in writing to the resident..
